DISCHARGE INSTRUCTIONS FOR ALLERGIC REACTION

If you have an allergic reaction to anything that we have used for your procedure, we will give you medication to attempt to stop the reaction. **However, the reaction could worsen or re-occur at home.**

Some of the symptoms to watch for include:

- Continued or worsening itchiness**
- Hives, welts, or swelling**
- Shortness of breath (above your baseline level)**
- Difficulty breathing or wheezing**
- Difficulty swallowing**
- Swelling of the lips, tongue, and/or eyelids**
- Throat swelling or tightness**

If you have any of the above symptoms after leaving our office, call 911 OR have someone transport you to the nearest emergency room.

If you have any questions, please ask our staff before discharge or contact our office at 336-34.9-5050.

I have read and understand the above discharge instructions.
